

**HAVE YOU EVER
WONDERED:**

WHAT DOES

PROJECT MANAGEMENT

SUCCESS

REALLY

LOOK LIKE TO YOU?

WE BELIEVE IN...

...a solid, flexible,
and sustainable
PMO that is able to
impact change and
secure short-, mid-,
and long-term
business results.

WE BELIEVE IN...

...releasing the full potential of PMOs by enabling «People» and «Empowering Data».

ENABLED PEOPLE

EMPOWERED DATA

WE SEE PMOs...

- with too many operational fires to fight...and not enough time to dedicate to fixing underlying project and portfolio problems.
- producing flawed, biased, information & analyses which all contribute to bad decisions.

WE RELEASE THE POTENTIAL OF PMOs SO YOU CAN BE SUCCESSFUL

PPVC's CAPABILITY MATURITY MODEL PM DIAGNOSTIC WHEEL

WHERE ARE YOU ON THE 5-LEVEL PM CAPABILITY MATURITY MODEL?

INFORMAL

Recognition of benefits of applying Project Management as a discipline; inconsistent data

DEFINED

Project relationships established; non-discretionary investments communicated

GOVERNED

Emphasis on project prioritization; metrics used inconsistently and without thresholds for decision-making

MANAGED

Consistent use of metrics with thresholds for decision-making; MODA employed for prioritization

OPTIMIZED

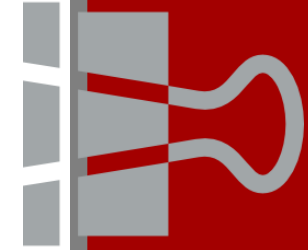

Strategic alternatives valued; emphasis placed on value maximization against budgetary and human resource constraints
